

West Virginia Mine Drainage Task Force Symposium & 15th International Mine Water Association Congress

April 21–26, 2024 | Morgantown, WV, USA

Session Overview

Date: Sunday, 21/Apr/2024

8:00am - 9:00am	Breakfast for Workshop attendees only Location: Foyer FGH
9:00am - 5:00pm	<u>PHREEQ-N-AMD Treat model to evaluate water-quality effects from passive and active treatment of mine drainage</u> Location: Wharf A Chair: Charles A Cravotta III This workshop starts at 10 am Brad Schultz & Brent Means
12:00pm - 1:00pm	Lunch for Workshop attendees only Location: Foyer FGH
6:30pm - 8:30pm	IMWA Executive Council Meeting Location: Puskar Boardroom Chair: Christian Wolkersdorfer Attendance is limited to Executive Council Members and invitees.

Date: Monday, 22/Apr/2024

7:30am - 8:45am	Breakfast Location: MEC B
8:45am - 10:25am	Opening Ceremony + Plenary Session Location: Salons D & E Chair: Jeff Skousen <ul style="list-style-type: none">• Ben Faulkner – WVTF• Christian Wolkersdorfer – IMWA• Steve Feldgus – Welcome from OSMRE / IOS, sponsor, and a brief update on OSM's efforts in mine drainage• Jonathan Rorrer – Welcome from WVDEP, brief update on WVDEP's efforts in mine drainage Performance of natural and residual materials for mine water treatment and mine sites rehabilitation Carmen Mihaela Neculita, Isabelle Demers, Flavia Lega Braghioli UQAT - University of Quebec in Abitibi-Temiscamingue, Canada

	Distribution of flow in sedimentation and AMD treatment ponds Tiff Hilton¹, Jeff Skousen² 1: WOPEC, Lewisburg, WV, United States of America; 2: West Virginia University, United States of America		
10:25am - 10:55am	Coffee break Location: Platinum and MEC Lobbies where exhibitors are set up		
10:55am - 12:10pm	Plenary session (continued) Location: Salons D & E Chair: Jeff Skousen 1. First speaker: 10:55-11:20 2. Second speaker: 11:20-11:45 3. Third speaker: 11:45-12:10		
	Integrated treatment of acid mine drainage and rare earth critical materials production Paul F. Ziemkiewicz, Jeff G. Skousen West Virginia University, United States of America		
	Nature-based solutions for mine water challenges: Linking mining reclamation, environmental remediation, ecological restoration, and sustainable resource extraction Robert W. Nairn, Dayton M Dorman, Justine I. McCann, Leif H. Olson, Hailey N. Seago, Cheyenne M. Morgan, Nicholas L. Shepherd, Robert C. Knox University of Oklahoma, United States of America		
12:10pm - 1:15pm	A phased approach to mine dewatering – updated from IMWA 1993 Kym Lesley Morton KLM Consulting Services, South Africa		
1:15pm - 2:30pm	<p>Mine Hydrology Location: Salons A-C Chair: Henning Jasnowski-Peters 1. First speaker: 1:15-1:40 2. Second speaker: 1:40-2:05 3. Third speaker: 2:05-2:30</p> <p>Tracer dilution profiles for mine dewatering: approach and case study Michael Verreault Hydro-Ressources Inc, United States of America</p> <p> Advancing sustainable mine water management through understanding stratification in flooded underground mines Elke Mugova¹, Christian Wolkersdorfer² 1: TU Bergakademie Freiberg, Germany; 2: Tshwane University of Technology, South Africa</p>	<p>Stream Renewal and Treatment Location: Salon D Chair: Ben B Faulkner Chair: Tiff Hilton 1. First speaker: 1:15-1:40 2. Second speaker: 1:40-2:05 3. Third speaker: 2:05-2:30</p> <p>A watershed-based NPDES approach to AMD treatment in Muddy Creek, Cheat River, West Virginia, USA Gregory Willard Phillips West Virginia Department of Environmental Protection, United States of America</p> <p>The engineering of truly passive mine water treatment systems using recycled concrete aggregate Adrian Brown Adrian Brown Consultants, Inc., United States of America</p>	<p>Stream Contamination and Restoration Location: Salon E Chair: Heather Trexler 1. First speaker: 1:15-1:40 2. Second speaker: 1:40-2:05</p> <p>Sandy Creek restoration – the tale of two acid mine drainage treatment systems Benjamin Ross Fancher West Virginia Department of Environmental Protection, United States of America</p> <p>Biomagnification of potentially toxic elements from Tahmoor Colliery, Bargo NSW, from water and sediment into the surrounding biota and fur of the iconic Australian platypus (<i>Ornithorhynchus anatinus</i>)</p>

	<p>Various rainfall forecasting methods for estimation of pit lake flooding duration in Indonesia</p> <p>Ginting Jalu Kusuma, Abie Badhurahman, Senty Dwika, Salmawati Salmawati, Rudy Sayoga Gautama, IK Dwika Paramananda Institut Teknologi Bandung, Indonesia, Indonesia</p>	<p>Beyond reclamation and remediation, next steps in a recovered watershed</p> <p>Amy Mackey, Nora Sullivan, Natalie A Kruse Daniels, Jennifer Bowman Ohio University, United States of America</p>	<p>Katherine G Warwick, Michelle Ryan, Ian A Wright Western Sydney University, Australia</p>
2:30pm - 3:00pm	Coffee break Location: Platinum and MEC Lobbies where exhibitors are set up		
3:00pm - 4:40pm	<p>Mine Hydrology Location: Salons A-C</p> <p>Chair: Linda Figueira 1. First speaker: 3:00-3:25 2. Second speaker: 3:25-3:50 3. Third speaker: 3:50-4:15 4. Fourth speaker: 4:15-4:40</p> <p>Hydrogeochemical investigations in the vicinity of the former Havelock asbestos mine near Bulembu, eSwatini (formerly Swaziland)</p> <p>Christian Wolkersdorfer¹, Kagiso Samuel More¹, Elke Mugova², Nokuthula Nchabeleng³, Anna Johanna Sotirialis⁴ 1: Tshwane University of Technology (TUT), South Africa; 2: TU Bergakademie Freiberg, Germany; 3: University of Pretoria, Südafrika; 4: Artist, Südafrika</p> <p> Intergated groundwater management model for underground coal gasification plants</p> <p>Lehlohonolo Mokhahlane Wits University, South Africa</p> <p>Upper He Creek water balance hydraulic and hydrogeologic solutions in east central Tennessee</p> <p>Terry W. Schmidt Earthres Group, Inc., United States of America</p> <p> A workflow to evaluate hydraulic barriers during</p>	<p>Stream Renewal and Treatment Location: Salon D</p> <p>Chair: Tim Danehy Chair: Gene Tiff Hilton 1. First speaker: 3:00-3:25 2. Second speaker: 3:25-3:50 3. Third speaker: 3:50-4:15 4. Fourth speaker: 4:15-4:40</p> <p>The Barnes & Tucker #20 Mine Drainage Treatment Facility: optimization case study in consideration of variable flow and water chemistry</p> <p>Bradley Shultz¹, Richard Beam¹, Dean Baker², Roger Rummel², Stephen Fisanick III² 1: Office of Surface Mining Reclamation and Enforcement, United States of America; 2: Pennsylvania Department of Environmental Protection Bureau of Abandoned Mine Reclamation</p> <p>Pell road doser upgrade project</p> <p>Michael Stephen Kearns Tetra Tech, Inc., United States of America</p> <p>Harvesting the Energy of Mine Water</p> <p>Terry Edward Ackman MT Water Management, Inc., United States of America</p> <p>Stream restoration solutions for challenging environments</p> <p>Mary Beth Berkes</p>	<p>Stream Contamination and Restoration Location: Salon E</p> <p>Chair: Ana Raquel Barroso 1. First speaker: 3:00-3:25 2. Second speaker: 3:25-3:50 3. Third speaker: 3:50-4:15 4. Fourth speaker: 4:15-4:40</p> <p>The Transport of toxic elements from the Marie-Louise landfill site and nearby gold mine dumps to waterbodies</p> <p>Alseno Mosai¹, Heidi Richards², Hlanganani Tutu² 1: Department of Chemistry, University of Pretoria; 2: School of Chemistry, University of the Witwatersrand</p> <p>Floodplain reconnection stream restoration in longwall mined watershed increases water and nutrient retention</p> <p>Natalie A Kruse Daniels, Nora Sullivan, Jen Bowman, Tatiana Burkett, Annika Gurrola, Red Pazol, Kelly Love, Nichole Mazzone, Morgan Vis, Kelly Johnson Ohio University, United States of America</p> <p>Influences on Mine Water Quality that are not related to Acid Mine Drainage</p> <p>Robel Gebrekristos, Graham Trusler Digby WElls Environmental, South Africa</p>

	mine water rebound: A holistic approach Till Genth, Lisa Rose, Henning Jasnowski-Peters, Sebastian Westermann, Christian Melchers Technische Hochschule Georg Agricola Bochum, Germany	GAI Consultants, Inc., United States of America	Tracking AMD trace metals in an anthracite passive treatment system in the Shamokin Creek watershed Molly M. McGuire ¹ , Hannah M. Schultheis ¹ , Ellen K. Herman ² 1: Department of Chemistry, Bucknell University, United States of America; 2: Department of Geology, Bucknell University, United States of America
5:00pm - 7:15pm	Opening Reception – Monday evening Location: Platinum and MEC Lobbies where exhibitors are set up Chair: Jeff Skousen Food, drinks, and Appalachian music		
7:00pm - 9:00pm	IMWA Journal Editorial Meeting Location: Puskar Boardroom Chair: Robert Lawrence Kleinmann		
7:00pm - 9:00pm	Early Career Professional Social Chair: Elke Mugova		

Date: Tuesday, 23/Apr/2024

7:30am - 8:30am	Breakfast Location: MEC B		
8:30am - 9:45am	Active Treatment Location: Salons A-C Chair: Jonathan Dietz 1. First speaker: 8:30-8:55 2. Second speaker: 8:55-9:20 3. Third speaker: 9:20-9:45 Case Study – The Gladden acid mine drainage (AMD) treatment facility and Fishing Run stream sealing project <u>Katie Wood</u> Tetra Tech, United States of America	Mine Water Treatment and Management Location: Salon D Chair: Robert Lawrence Kleinmann 1. First speaker: 8:30-8:55 2. Second speaker: 8:55-9:20 3. Third speaker: 9:20-9:45 Teaching hydrogeology in a mined site: a case study on West Run, Morgantown, WV <u>Lisa Lohr</u> West Virginia University, United States of America	Circular Economy Location: Salon E Chair: Teresa Maria Valente 1. First speaker: 8:30-8:55 2. Second speaker: 8:55-9:20 3. Third speaker: 9:20-9:45 Recovery of copper as “clean” nanoparticles of CuS from acid rock drainage and mine process water <u>Gonzalo Recio¹, Aileen Segura¹, Alex Schwarz², Ivan Nancucheo¹</u> 1: Universidad San Sebastián, Chile; 2: Universidad de Concepción, Chile
	Using iron oxidation and decarbonation to enhance inorganic carbon removal in coal mine drainage <u>Brent Means, Richard L. Beam</u> OSMRE, United States of America	The Banning/West Newton Coal Logistics coal refuse pile reclamation project, Rostraver Township, Westmoreland	Tailings and Tailings Management Location: Salons F-H Chair: Gwendelyn Geidel 1. First speaker: 8:30-8:55 2. Second speaker: 8:55-9:20 3. Third speaker: 9:20-9:45 Hydrogeological inputs to stability analysis of tailings storage facilities <u>Altus Huisamen¹, John Edward Glendinning²</u> 1: Jones & Wagener, South Africa; 2: Jones & Wagener, South Africa
			Saturated-unsaturated seepage characteristics and stability analysis of tailings dam under different rainfall pattern <u>Jun Cai, Haibo Huang, Riqiang Wen, Shangsong Han, Lijuan Lu, Wenkai Lei</u> Hezhou University, China, People's Republic of
			Hyperspectral UAS-sensing for tailing ponds

Assessing the cost and applicability of passive treatment and risk-based point-of-use management for 26 legacy mine drainages

Kohei Doyama¹, Yuichi Iwasaki¹, Takaya Hamai², Tetsuo Yasutaka¹, Shingo Tomiyama³

1: National Institute of Advanced Industrial and Science Technology; 2: Japan Oil, Gas and Metals National Corporation; 3: Division of Sustainable Resources Engineering, Faculty of Engineering, Hokkaido University

Abandoned Mine Pools: a Threat to the Environment or a Water Resource for Beneficial Uses

Wanfang Zhou, Jeff Zoekler, Scott Bailey, Marcus Kim

Hana Engineers and Consultants, LLC., United States of America

Sulfide-rich waste classification using a fast and cost-effective reactivity index

Patricia Gomes, Mayara Cordeiro, Teresa Valente

University of Minho, Institute of Earth Sciences, pole of the University of Minho, Portugal

Date: Wednesday, 24/Apr/2024

7:00am - 8:00am	Breakfast for field trip attendees Location: Platinum Foyer				
8:00am - 12:00pm	Field Trip 4 CANCELLED	Field Trip 5 CANCELLED	Field Trip 1 Humphrey Mine and Mylan Park Location: Lobby near the Registration Table Chair: Jeff Skousen	Field Trip 2 Active Treatment Systems Location: Lobby near the Registration Table Chair: Paul Ziemkiewicz	Field Trip 3 Passive Treatment of Acidic Mine Drainage (half day, West Virginia) Location: Lobby near the Registration Table Chair: Tim Danehy
8:00am - 5:00pm	Field Trip 6 Passive treatment (full day, Pennsylvania) Location: Lobby near the Registration Table Chair: Robert S Hedin				
12:00pm - 1:00pm	Lunch (for Field Trip Attendees only) Location: Platinum Foyer				
1:10pm - 5:00pm	Field Trip 1 CANCELLED	Field Trip 2 Active Treatment Systems Location: Lobby near the Registration Table	Field Trip 3 Passive Treatment of Acidic Mine Drainage (half day, West Virginia) Location: Lobby near the Registration Table	Field Trip 4 Longview Power Plant Location: Lobby near the Registration Table	Field Trip 5 Laurel Caverns Location: Lobby near the Registration Table Chair: Robert Lawrence Kleinmann

		Chair: Paul Ziemkiewicz	Location: Lobby near the Registration Table Chair: Tim Danehy	
6:00pm - 8:00pm	Cornhole Tournament & Reception Location: Platinum and MEC Lobbies where exhibitors are set up Chair: Jeff Skousen Chair: Robert Lawrence Kleinmann Informal reception with food and drinks, and cornhole tournament . Interested people will be sorted into 2-person teams to compete. Sponsored by "Kleinfelder – Bright People. Right Solutions." and "Dutchland LLC – Innovation. Experience. Eco-friendly."			

Date: Thursday, 25/Apr/2024

7:30am - 8:30am	Breakfast Location: MEC B			
8:30am - 9:45am	<p>Geothermal Energy from Mine Water Location: Salons A-C Chair: Elke Mugova 1. First speaker: 8:30-8:55 2. Second speaker: 8:55-9:20 3. Third speaker: 9:20-9:45</p> <p>GIS-based development of energy networks using mine water geothermal energy for cross-sectoral heating and cooling supply of municipal quarters Thomas Wenzel¹, Patrick Heinrich¹, Robert Manig¹, Thomas Grab², Lukas Oppelt², Tom Ebel², Timm Wunderlich² 1: DBI Gas- und Umwelttechnik GmbH, Germany; 2: TU Bergakademie Freiberg, Germany</p> <p>WINZER: Multi-scale modelling concept for numerical modelling of seasonal thermal energy storage in groundwater-filled underground coal mines Torsten Seidel¹, Timo König¹, Florian Hahn², Stefan Klein², Mathias Nehler² 1: delta h, Witten, Germany; 2: Fraunhofer</p>	<p>Passive Treatment of Mine Water Location: Salon D Chair: Robert W. Nairn 1. First speaker: 8:30-8:55 2. Second speaker: 8:55-9:20 3.
